

INCIDENT MANAGEMENT SITUATION REPORT
WEDNESDAY, SEPTEMBER 20, 1995 - 0530 MDT
NATIONAL PREPAREDNESS LEVEL II

*** ALL FIREFIGHTERS HAVE THE RIGHT TO A SAFE ASSIGNMENT. ***

Current Situation: Fire activity remained moderate in the West. Progress continues in meeting containment objectives in the Northwest and Western Great Basin Area large fires. Demobilization of out of area resources from the Northwest and Great Basin will begin today.

Hurricane Marilyn Support:

Resource mobilization in support of relief operations in the Caribbean continues. The Southern Area has mobilized 252 overhead personnel to Puerto Rico and the Virgin Islands for the relief effort. The Type I (O'Bannon) and the Type II (Kearney) Incident Management Teams have been tasked with setting up receiving and distribution centers on St. Thomas and St. Croix, respectively. The distribution of relief supplies is being delayed in Puerto Rico due to logistical problems with transporting supplies to the Virgin Islands. The situation is expected to improve in the next few days. Several aircraft are enroute to transport supplies and shuttle personnel between the islands.

Western Great Basin Large Fires:

INCIDENT NAME	UNIT	ST	SIZE	%	EST CTN	TOTAL PERS	CRW	ENG	HELI	STRUC LOST	EST LOSS	EST COST
ROCK CREEK	WID	NV	2,430	100		238	8	4	2	0	UNK	15K

CAVE CANYON	EKD	NV	1,000	100		9	0	2	0	0	UNK	UNK

Eastern Great Basin Large Fires:

LAVA RIDGE, Richfield District, BLM. Several wind shifts caused the fire to flare-up, however all were caught. Expected containment of 9/20 should be met if winds do not pick up.

INCIDENT NAME	UNIT	ST	SIZE	%	EST CTN	TOTAL PERS	CRW	ENG	HELI	STRUC LOST	EST LOSS	EST COST

OUTLOOK: *** A RED FLAG WARNING IS POSTED FOR STRONG DRY EAST WINDS FOR THE SOUTHERN CASCADES OF WASHINGTON AND NORTHWEST OREGON. ***

*** A FIRE WEATHER WATCH IS POSTED FOR WEDNESDAY NIGHT FOR STRONG DRY EAST WINDS IN SOUTHWEST OREGON. ***

A stationary front extends from southwest Wyoming, across west central Idaho and into central Washington. Chilly temperatures remain in Wyoming and Montana and scattered rain showers in Wyoming. Strong high pressure remains along the Pacific Coast providing very warm and dry conditions for parts of Washington and Oregon. High temperatures will reach only into the 40's and 50's across much of Montana and Wyoming. Seasonable weather prevails in the upper Great Basin, where highs will be mainly in the 70's. Hot weather remains in place from the northern California valleys to the desert Southwest, where temperatures will range from 100-110 degrees. The northeast states will experience weather much the same as yesterday, with high pressure bringing dry, cool conditions and temperatures in the 60's and 70's. Moderate fire activity is expected to continue in the West.
