

INCIDENT MANAGEMENT SITUATION REPORT
 THURSDAY, MAY 25, 2000 - 0530 MDT
 NATIONAL PREPAREDNESS LEVEL II

CURRENT SITUATION:

New large fires were reported in Arizona, Florida, and South Carolina. Initial attack activity was moderate in the Southern Area and light elsewhere. Continued hot and dry conditions are forecast for both the Southern and the Southwest Areas. The National Interagency Coordination Center processed orders for radio equipment, engines, a caterer, and miscellaneous overhead. An Area Command Team (Edrington) was ordered to the Southwest Area for the Cerro Grande Complex. Very high to extreme fire indices were reported in Arizona, New Mexico, Utah, Texas, Oklahoma, Colorado, California, and Kansas.

SOUTHWEST AREA LARGE FIRES:

CLOVER, Coconino National Forest. The fire is burning in ponderosa pine 55 miles southeast of Flagstaff, AZ. One US Forest Service engine was burned over when it failed to start, but the crew was uninjured. Predicted strong winds today will hamper containment efforts.

CERRO GRANDE	NM	BAP	47650	100	---	618	21	7	10	235	NR	11.6M

BAP = Bandelier National Park

SOUTHERN AREA LARGE FIRES:

GREEN SWAMP GROVE, Florida State Division Of Forestry. The fire is burning in southern Lake County, east of Orlando. Two helicopters and several airtankers are working the fire along with engines and dozers. Low relative humidities, strong winds and long distance spotting are causing containment problems.

HARLESTON DAM, Francis Marion and Sumter National Forests. The fire is burning in heavy blowdown fuels near Huger, SC. The fire spotted on the north and east sides, but all spots were contained. State Road 133 was closed due to smoke. High winds are predicted for today.

SOCIETY, Francis Marion and Sumter National Forests. This lightning caused fire is near McClellanville, SC. The fire is burning in a pine plantation. Extremely dry conditions are contributing to control problems. Low relative humidities and windy conditions are forecast for today.

CARLTON RESERVE, Florida State Division of Forestry. The fire is ten miles northwest of Port Charlotte, FL. No new information was reported.

This will be the last report unless new information is received.

MICROWAVE COMMAND, Florida State Division of Forestry. This fire is burning in Osceola County. No new information was reported. This will be the last report unless new information is received.

OUTLOOK:

*** A RED FLAG WARNING IS POSTED IN THE FLORIDA PANHANDLE AND NORTHEAST FLORIDA FOR UNSTABLE AIR, GUSTY WINDS AND LOW AFTERNOON RELATIVE HUMIDITIES ***

*** A FIRE WEATHER WATCH IS POSTED IN CENTRAL FLORIDA FOR UNSTABLE AIR, GUSTY WINDS AND LOW AFTERNOON RELATIVE HUMIDITIES ***

Florida will be partly cloudy with widely scattered afternoon and evening showers and thunderstorms. High temperatures will be 85 to 95. Winds will be southwest to west at 8 to 15 mph. Minimum afternoon relative humidities will be 35 to 50 percent.

North and central New Mexico and northern Arizona will be partly cloudy with scattered afternoon and evening thunderstorms. High temperatures will be in the 70's and 80's. Winds will be south to west at 15 to 25 mph. Minimum afternoon relative humidities will be 20 to 35 percent.

Southern Arizona and southern New Mexico will be mostly sunny. High temperatures will be from the 80's to 105 in the deserts. Winds will be south to southwest at 15 to 25 mph. Minimum relative humidities will be 5 to 20 percent.

West Texas will be sunny with a few clouds and a chance of afternoon and evening thunderstorms in the northern part of the state. High temperatures will be from the lower 80's to 105. Winds in the north will be east at 10 to 15 mph. In south Texas, winds will be south to southwest at 5 to 15 mph. Afternoon relative humidities will range from 5 to 30 percent.
