

**National Interagency Coordination Center
Incident Management Situation Report
Saturday, October 6, 2012 – 0530 MT
National Preparedness Level 2**

National Fire Activity

Initial attack activity: Light (57 new fires)
 New large fires: 1 (*)
 Large fires contained: 1
 Uncontained large fires: ** 22
 Area Command Teams committed: 0
 NIMOs committed: 0
 Type 1 IMTs committed: 1
 Type 2 IMTs committed: 7

** Uncontained large fires include only fires being managed under a full suppression strategy.

Northwest Area (PL 3)

New fires: 4
 New large fires: 1
 Uncontained large fires: 10
 Type 2 IMTs committed: 3

Wenatchee Complex (6 fires), Okanogan/Wenatchee NF. Two miles west of Wenatchee, WA. Timber, brush and grass. Numerous residences threatened. No further information received.

Cascade Creek, Gifford Pinchot NF. Transfer of command from IMT 2 (Nickey) back to the local unit will occur tomorrow. Eight miles north of Trout Lake, WA. Timber. Smoldering with isolated torching.

St. Marys Mission Road, Colville Agency, BIA. IMT 2 (Johnson). Three miles southwest of Omak, WA. Timber, brush and grass. Backing fire with group tree torching and short-range spotting. Numerous structures threatened. Evacuations and road closures in effect.

* **Powerline #2**, South Puget Sound Region, Washington DNR. IMT 2 (LaFave). Two miles northeast of Shelton, WA. Timber and grass. Backing fire with single tree torching. Numerous structures threatened.

Pole Creek, Deschutes NF. Six miles southwest of Sisters, OR. Timber. Creeping and smoldering.

Total	47	759,107	8	99	10	713

This table does not include fires reported in the large fire section of this report. Updated weekly.

Predictive Services Discussion: Slow warming will continue over the West but temperatures will still be near or slightly below normal for most of the region. Cold conditions will remain over the Plains and the East with scattered rain moving through the mid-Atlantic states and scattered snow showers lingering over the Great Lakes region.

<http://www.predictiveservices.nifc.gov/outlooks/outlooks.html>

Today's discussion is from the
Motorized Operations Category.

ATV - How to Properly Ride and Operate

Riding an ATV correctly allows the operator to operate and control the machine more easily, and react more quickly to changes in terrain and environment. Proper riding posture includes:

- ✓ head and eyes up, looking forward;
 - ✓ shoulders relaxed, with elbows bent slightly;
 - ✓ hands on the handlebars; knees in toward the gas tank;
 - ✓ feet on the footrests, toes pointing straight ahead;
 - ✓ back should be straight but not tense
-
- To turn an ATV, keep most of your body weight on the outside foot peg and lean your upper body into the turn. Never lower your foot to the ground for stability—could cause ejection if foot is caught by tire.
 - When climbing hills, shift your body weight forward to keep the front wheel(s) on the ground.
 - If stopped while going uphill, do not apply the rear brake only. Apply equal pressure to both front and rear brakes, but never only to the rear brake. Get off the machine and turn it around to proceed down the hill.
 - When going down hill, keep the engine running and in low gear, apply both front and rear brakes with even pressure and avoid sharp turns. Slide body forward on seat towards gas tank, keeping body weight back by leaning backwards. This will help keep weight on back wheels and lessen potential to flip ATV over forward. Avoid "side hill" situations. When they are unavoidable, lean into the hill.
 - When carrying a load up hill, if possible, place load on the front of the ATV to help keep the front end of the ATV from flipping over. If going down hill, place load on back of ATV to help keep the ATV from flipping over forward. If loads cannot be adjusted, (drip torch mounted on back), try to equalize the load on front and back if possible.
 - Only operate an ATV under the conditions for which you have been trained, qualified for and are experienced in riding.
 - As a last resort to avoid an impending collision, roll off the vehicle and kick yourself free of it.
