WEDNESDAY, AUGUST 6, 1997 - 0530 MDT
NATIONAL PREPAREDNESS LEVEL II

CURRENT SITUATION: Fire activity increased in Southern California, necessitating the mobilization of a Type I Incident Management Team and a Type II Incident Management Team to the Los Padres NF. Firefighters made good progress on the fires in Alaska and Northern California. NICC processed resource orders for aircraft, equipment, crews and miscellaneous overhead in support of the large fires in California. Fire indices remain very high to extreme in California, Arizona and Nevada.

A BLM employee was killed in an automobile accident yesterday morning after delivering supplies to the Gooch fire in Northern California. The entire fire community extends their sympathy to family, friends and co-workers.

Twenty-five ranch structures in Alamo Creek and Huasna Creek are threatened.

HOPPER, Los Padres NF. A Type II Incident Management Team (Conrad) has been ordered. The fire is burning in the Sespe Condor Sanctuary, north of Fillmore, CA. Limited accessibility has made suppression efforts difficult.
