OUTLOOK:

A low pressure trough will be moving toward the coast, and the high pressure ridge that has been over the Northern California Area will be pushed to the south. This will bring partly to mostly cloudy skies and a slight chance of light showers along the Oregon border. High temperatures along the coast will be in the 60s with inland highs mostly in the 70s. Minimum relative humidity will be 20 to 35 percent. Winds will be southwest at 12 to 25 mph and gusty across the higher elevations.
