

INCIDENT MANAGEMENT SITUATION REPORT
SUNDAY, JULY 23, 2006 – 0800 MDT
NATIONAL PREPAREDNESS LEVEL 4

CURRENT SITUATION:

Initial attack activity was heavy nationally with 354 new fires reported. Twenty-one new large fires (*) were reported, five each in the Southern California and Western Great Basin Areas, three each in the Eastern Great Basin and Southwest Areas, two each in the Northwest and Southern Areas, and one in Northern California Area. Ten large fires were contained, two each in the Eastern Great Basin, Northern Rockies, Southern California and Western Great Basin Areas, and one each in the Southwest and Southern Areas. Very high to extreme fire indices were reported in Arizona, California, Colorado, Minnesota, Montana, Nebraska, Nevada, North Dakota, Oregon, South Dakota, Wisconsin, Washington, Utah, Arkansas, Oklahoma, Idaho and Wyoming.

Two MAFFS C-130 aircraft and support personnel from the 145th Airlift Wing, Charlotte, North Carolina have been deployed to Klamath Falls, Oregon. Major Dan Cloninger, NCANG is the Mission Commander.

EASTERN GREAT BASIN AREA INCIDENTS/LARGE FIRES:

ELKHORN, Salmon-Challis National Forest. A Type 2 Incident Management Team (Morcom/Lunde) is assigned. This fire is six miles northeast of North Fork, ID in timber. Steep terrain continues to hinder containment efforts. Isolated torching and creeping were reported.

QUARTZ CREEK, Payette National Forest. A Type 2 Incident Management Team (Haskins/Johnson) is assigned. This fire is five miles north of Yellowpine, ID in timber. Critical fish species habitat is threatened. Steep, rugged terrain continues to hinder containment efforts. Individual tree torching and spotting across Vein Creek were reported.

DOME, Boise District, Bureau of Land Management. This fire is seven miles northeast of Mountain Home, ID in grass. Several structures, the historic Oregon Trail and powerlines are threatened. Inaccessible terrain is hampering containment efforts. Strong winds and dry fuels contributed to extreme fire behavior.

DOG VALLEY, Fish Lake National Forest. A Type 2 Incident Management Team (Lund) is assigned. This fire is three miles northeast of Cove Fort, UT in grass, sagebrush, pinyon pine, juniper and oak. Community of Cove Fort and Cove Fort Historic Site, I-15 and I-70 remain threatened. Steep, rugged terrain and limited access are hampering containment efforts. Single tree and group torching in the interior was observed.

TRAILHEAD, Sawtooth National Forest. This fire is ten miles southwest of Stanley, ID in timber. The fire is burning on the west edge of the Sawtooth Wilderness. Steep, rugged terrain continues to impede containment efforts. Isolated torching and spotting was reported.

TWIN PEAKS, Richfield Field Office, Bureau of Land Management. This fire is ten miles west of Kanosh, UT in grass, sagebrush, pinyon pine and juniper. No new information was reported.

DUNCE, Payette National Forest. A Fire Use Management Team (Hahnenberg) is assigned. The Team is also managing the Lick Creek WFU. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is burning 31 miles east of Edwardsburg, ID in cheatgrass. Minor burn out activities around the Taylor Ranch took place. Primarily slope driven spread was reported.

LICK CREEK, Payette National Forest. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is burning 21 miles northwest of McCall, ID in timber. Several structures within the Ponderosa Campground and critical fisheries habitat are threatened. Creeping surface fire was observed.

JIM CREEK, Bridger Teton National Forest. A Fire Use Management Team (Weldon) is assigned. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is burning 24 miles north of Pinedale, WY in subalpine fir, spruce and pine. Increased fire activity with sustained crowning and moderate intensity ground fire was observed.

CHIPMAN, Cedar City Field Office, Bureau of Land Management. This fire is 21 miles north of Cedar City, UT in pinyon pine, juniper and grass. Wildlife habitat is threatened. Rapid runs, torching and creeping were observed.

KILN COMPLEX, Arizona Strip Field Office, Bureau of Land Management. This fire is 30 miles southwest of St. George, UT in brush and cheatgrass. The complex includes the Kiln, Lime and White Rock Fires. Steep, inaccessible terrain continues to hinder control efforts. Creeping, smoldering and isolated interior torching was reported.

NORTH MILLS, Richfield Field Office, Bureau of Land Management. This fire is five miles north of Mills, UT in grass. Smoldering was observed. The fire is in monitor status. This will be the last report unless significant activity occurs.

SWS - Southwest Area, Utah State Division of Forestry Fire and

SOUTHERN CALIFORNIA AREA INCIDENTS/LARGE FIRES:

HEART-MILLARD, San Bernardino National Forest. A Type 1 Incident Management Team (Molumby) is assigned. This fire is eight miles southwest of Big Bear Lake, CA in timber and brush. Steep terrain and inaccessibility continue to hamper containment efforts. Creeping and smoldering with occasional single and group tree torching were reported. Reduction in acreage is due to more accurate mapping.

WHISPERING PINES, Joshua Tree National Monument. A Type 2 Incident Management Team (Kerr) is assigned. This fire is 16 miles west of Twentynine Palms, CA. Numerous residences are threatened. Steep, rough terrain is hampering containment efforts. Active fire with moderate rates of spread was reported.

RICO, San Benito-Monterey Unit, California Department of Forestry and Fire Protection. This fire is east of San Ardo, CA in chaparral. Difficult access is hampering containment efforts. Passing storms contributed to active fire behavior with substantial runs.

THREE ROCKS, Fresno-Kings Unit, California Department of Forestry and Fire Protection. This fire is 20 miles north of Coalinga, CA in grass and light brush. Rangeland is being threatened. Steep terrain and limited access is hindering containment efforts. Moderate fire behavior was observed.

RAMP, San Bernardino National Forest. This fire is five eight miles southeast of Phelan, CA in chaparral. Residential structures and transportation corridors are threatened. Railways in Cajon Pass, State highway 138 and one lane of I-15 were closed due to fire activity. Moderate fire activity with short range spotting was reported.

TUFFNUT, Mohave National Park. This fire is 54 miles west northwest of Needles, CA in short grass. Steep terrain, remote location, and high temperatures are hampering containment efforts. Active fire behavior due to severe thunderstorms was reported.

NORTHERN ROCKIES AREA INCIDENTS/LARGE FIRES:

PACKER GULCH, Southwestern Land Office, Montana Department of Natural Resources and Conservation. A Type 2 Incident Management Team (Kusicko) is assigned. This fire is 11 miles

northwest of Drummond, MT in timber. Rugged terrain and flash fuels are hampering containment efforts. Creeping surface fire with scattered single tree torching was reported.

SOUTH PINE, Gallatin National Forest. A Type 2 Incident Management Team (Hall) is assigned. The fire is 13 miles south of Livingston, MT in timber. Trail bridges and a campground are threatened. Steep, rugged terrain and inaccessibility are impeding containment efforts. Moderate fire behavior with isolated torching and short range spotting was observed.

BLACK PULASKI COMPLEX, Miles City Field Office, Bureau of Land Management. A transfer of command from a Type 1 Incident Management Team (Stanich) back to the local unit will occur today. This complex, consisting of the Black Pulaski, Lodgepole, Hill Coulee, Lost Creek, Square Butte, Soda Creek and Chalk Butte fires, is 25 miles north of Jordan, MT in ponderosa pine, grass, juniper and sagebrush. Smoldering, and creeping with minor short runs were reported.

NCA – Northern Cheyenne Agency, Bureau of Indian Affairs. CMR - Charles M. Russell National Wildlife Refuge.

WESTERN GREAT BASIN AREA INCIDENTS/LARGE FIRES:

SIX MILE 2, Carson City Field Office, Bureau of Land Management. A Type 1 Incident Management Team (Broyles) is assigned. This fire is 15 miles southeast of Reno, NV in timber. The communities of Mark Twain and Virginia City, and Comstock Historical Sites are threatened. Structure protection is in place. Aerial operations are impacting approach and departure flight paths at Reno International Airport. Steep, rocky, inaccessible terrain is impeding containment efforts. Active fire behavior due to erratic winds with crowning, torching, spotting and running was reported.

HALL, Battle Mountain Field Office, Bureau of Land Management. This fire is 25 miles southeast of Battle Mountain, NV in sagebrush, grass, pinyon pine and juniper. Grazing land is threatened. Limited access and passing thunderstorms are hindering containment efforts. Moderate to very active fire behavior was reported.

SMELSER PASS, Winnemucca Field Office, Bureau of Land Management. This fire is 15 miles southeast of Golconda, NV in sage and grass. Difficult, poor access and high fuel loading are hampering containment efforts. Active fire behavior with flame lengths up to ten feet were observed.

TROY PEAK, Humbolt-Toiyabe National Forest. This fire is eight miles north of Adaven, NV in timber. Difficult terrain, heavy fuel loading and inaccessibility continues to hinder containment efforts. Smoldering was observed.

ELD - Ely District, Bureau of Land Management

SOUTHWEST AREA INCIDENTS/LARGE FIRES:

GRAN, Tonto National Forest. A Type 1 Incident Management Team (Whitney) is assigned. This fire is nine miles northeast of Rio Verde, AZ in grass and chaparral. Structures and utility infrastructure are threatened. Several Forest roads have been closed. Remote access and steep terrain are hampering containment efforts. Backing fire and short runs were observed.

CIBOLA, Cibola National Wildlife Refuge. This fire is 42 miles southwest of Yuma, AZ in chaparral and salt cedar. Minimal fire activity was reported. No further information was received.

JOES, Phoenix Field Office, Bureau of Land Management. This fire is 40 miles north of Phoenix, AZ in tall grass and brush. Active fire behavior was reported. No further information was received.

TOROWEEP, Grand Canyon National Park. This fire is 57 miles west northwest of Grand Canyon Village, AZ in short grass, pinion pine, and juniper. Limited surface spread was reported. The fire is being monitored.

STONE, Fort Apache Agency, Bureau of Indian Affairs. A transfer of command from a Type 2 Incident Management Team (Philbin) back to the local unit will occur today. This fire is 16 miles northwest of Whiteriver, AZ in timber and chaparral. Minimal activity with smoldering in the interior was reported.

KNF - Kaibab National Forest

ROCKY MOUNTAIN AREA INCIDENTS/LARGE FIRES:

LITTLE VENUS, Shoshone National Forest. A Type 2 Incident Management Team (Smith) is assigned. This fire is 30 miles west of Meeteetse, WY in bug-killed spruce with heavy down fuels. A historic cabin continues to be threatened. Extreme fire behavior with torching and spotting was observed.

SAWMILL, Natrona County. A Type 2 Incident Management Team (Goheen) is assigned. This fire is ten miles east of Edgerton, WY in sagebrush, ponderosa pine and juniper. Smoldering and creeping were reported.

BOMBER BASIN, Shoshone National Forest. This fire is 15 miles south of Dubois, WY in timber. Steep terrain is hampering confinement efforts. Group torching and spotting was observed.

WEAVER, Ute Mountain Agency, Bureau of Indian Affairs. This fire is ten miles southwest of Red Mesa, CO in pinyon pine, juniper and sagebrush. Native American archaeological sites remain threatened. Smoldering and creeping were observed.

EASTERN AREA INCIDENTS/LARGE FIRES:

CAVITY LAKE, Boundary Waters Canoe Area Wilderness, Superior National Forest. A Type 1 Incident Management Team (Lohrey) is assigned. This fire is 44 miles northeast of Ely, MN in timber and blowdown. Residential and commercial structures remain threatened. The fire continues to progress toward the Canadian border. Heavy fuel loading and difficult access is hindering containment efforts. The fire continues to back through continuous heavy blowdown. Canada will provide additional aircraft and logistical assistance.

TURTLE LAKE, Boundary Waters Canoe Area Wilderness, Superior National Forest. A Fire Use Management Team (Svalberg) is assigned. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is burning 15 miles east of Ely, MN in timber. Moderate fire behavior with single tree torching and limited spotting was reported.

NORTHWEST AREA INCIDENTS/LARGE FIRES:

TIN PAN, Okanogan-Wenatchee National Forest. A Fire Use Management Team (Furlong) is assigned. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is burning seven miles west of Lucerne, WA in timber. Active fire behavior with spotting, torching and crowning was reported.

CLOVER CREEK, Vale District, Bureau of Land Management. This fire is 15 miles north of Westfall, OR in grass and brush. Running fire behavior was reported. No further information was received.

DIAMOND CRATERS, Burns District, Bureau of Land Management. This fire is five miles east of Buena Vista, OR in brush. Private land and archeological sites are threatened. Difficult terrain and passing thundercells are hampering containment efforts. Wind driven runs were observed.

SOUTHERN AREA INCIDENTS/LARGE FIRES:

DELTA ROAD, Chickasaw Agency, Bureau of Indian Affairs. This fire is five miles east of Ratliff City, OK in post oak, tall grass and eastern red cedar. Structures, oil wells, and Indian trust lands are threatened. Shifting winds are hindering containment efforts. Crown fire and spotting were reported.

SOUTH POWELL #1, Ouachita National Forest. This fire is six miles northwest of Buckville, AR in timber, grass and understory. Decrease in size is due to more accurate mapping. Creeping and backing fire were observed.

SICKLE, Oklahoma Division of Forestry. This fire is three miles southeast of Blanco, OK in timber and grass. No new information was reported. This will be the last report unless new information is received.

NORTHERN CALIFORNIA AREA INCIDENTS/LARGE FIRES:

CARIBOU COMPLEX, Klamath National Forest. A Wildland Fire Use Management Team (Perkins) is assigned. This lightning-caused Wildland Fire Use (WFU) incident is being managed

to accomplish resource objectives. The fire is burning 10 miles southeast of Cecilville, CA in timber. This complex consists of the Caribou and Moraine fires. Mining sites and fisheries are threatened. Trail closures remain in effect for the Caribou Lakes area. Active burning on the northeast side of the fire was reported.

BUMP, Modoc National Forest. This fire is near Clear Lake, CA in grass. Running with two foot flame lengths was reported. No further information was received.

OUTLOOK:

Fire Weather Watches: East slopes of the central and southern Washington Cascades and the mountains of central and eastern Oregon for isolated to scattered thunderstorms after an extended dry period.

Weather Discussion: Strong high pressure will continue over much of the West with very hot conditions. A weak weather disturbance will move into the Pacific Northwest today with a mixture of wet and dry thunderstorms for the Northwest, northern Great Basin, and western portions of the Northern Rockies and Rocky Mountain Areas. Further south, wet thunderstorms will continue over the southern Great Basin, California, and Four-Corner states.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Eastern Great Basin Area Idaho, Bridger-Teton: Partly cloudy with isolated to widely scattered thunderstorms – mixed wet and dry. Northern Utah: Partly cloudy with scattered thunderstorms mountains, isolated mainly dry over the deserts. Southern Utah, Arizona Strip: Partly cloudy with scattered showers and thunderstorms.	Idaho, Bridger-Teton: 72 to 90 mountains, 90 to 103 valleys. Northern Utah: 81 to 92 mountains, 93 to 103 valleys, Southern Utah, Arizona Strip: 78 to 92 mountains, 93 to 110 valleys, 109 to 118 low deserts.	Idaho, Bridger-Teton: 15 to 20% mountains, 11 to 16% valleys. Northern Utah: 15 to 26% west, 12 to 18% east. Southern Utah, Arizona Strip: 20 to 32% mountains, 10 to 20% valleys.	Idaho, Bridger-Teton: Variable 3 to 7 mph. Northern Utah: Variable 3 to 7 mph. Southern Utah, AZ Strip: Variable 3 to 7 mph becoming south 8 to 12 mph in the afternoon.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
<p>Northern Rockies Area Broad upper ridge over the western U.S. will provide extremely hot conditions across the Area. A weak short wave topping the ridge will provide a risk of afternoon isolated thunderstorms with dry lightning west of the divide. The remainder of the Area will be partly cloudy and dry. A weak surface trough will bring increased winds to northern Montana and North Dakota. A few evening thunderstorms are possible across eastern North Dakota.</p>	<p>West of divide: 95 to 105. East of divide: 94 to 100. North Dakota: 88 to 97.</p>	<p>West of divide: 10 to 18%. East of divide: 14 to 20%. North Dakota: 20 to 30%.</p>	<p>West of divide: Variable 5 to 10 mph. East of divide: North 10 to 15 mph. North Dakota: Westerly 10 to 15 mph.</p>
<p>Southern California Area Patchy morning low clouds and fog coastal areas, otherwise partly cloudy with scattered showers and thunderstorms mainly over the mountains and deserts.</p>	<p>85 to 100 mountains. 100 to 110 valleys. 100 to 110 upper deserts. 110 to 120 lower deserts.</p>	<p>40 to 60% coastal areas. 20 to 40% valleys. 20 to 40% mountains. 15 to 30% deserts.</p>	<p>Southeast to southwest 5 to 15 mph.</p>
<p>Western Great Basin Area Partly cloudy to cloudy with isolated to scattered showers and thunderstorms.</p>	<p>Northern valleys: 95 to 105. Southern valleys: 112 to 119. Northern mountains: 87 to 97. Southern mountains: 86 to 92.</p>	<p>Northern valleys: 14 to 19%. Southern valleys: 10 to 15%. Northern mountains: 18 to 23%. Southern mountains: 21 to 26%.</p>	<p>Light and variable slope winds, becoming westerly 10 to 15 in the afternoon, stronger gusts near thunderstorms.</p>
<p>Southwest Area Partly cloudy and hot with a chance for wet thunderstorms western and southern Arizona and southwest New Mexico. Partly cloudy with isolated thunderstorms elsewhere.</p>	<p>90 to near 115 lower elevations. 70 to 90 in the higher terrain.</p>	<p>10 to 20% lower elevations of Arizona and northwest New Mexico. 20 to 30% elsewhere.</p>	<p>Variable to easterly 5 to 15 mph. Local upslope/upvalley winds with gusts to 20 mph in Arizona.</p>
<p>Rocky Mountain Area Isolated mixed wet and dry thunderstorms in the central to northern Wyoming mountains. Further south isolated wet thunderstorms are forecast to develop in the southern/central Colorado mountains.</p>	<p>Upper 80s to mid 90s are forecast for the lower elevations with upper 70s to mid 80s in the mountains.</p>	<p>10 to 20% over Wyoming, South Dakota and western Colorado, with 15 to 25% forecast for eastern sections Colorado.</p>	<p>Variable directions at 5 to 15 mph, except from the west-northwest at 12 to 18 mph in western Wyoming.</p>
<p>Northwest Area Mostly sunny and hot. Isolated to scattered thunderstorms in the afternoon mainly east of the crest of the Cascades.</p>	<p>West of Cascades: Mid 80s north to mid 100s south. East of Cascades: Lower to mid 100s.</p>	<p>West of Cascades: 20 to 30%. East of Cascades: 10 to 20%.</p>	<p>North to Northwest winds increasing to 15 to 20 mph along the coast in the afternoon. Elsewhere light and variable winds becoming upslope/upvalley 5 to 10 mph in the afternoon.</p>

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Northern California Area Mostly sunny. Isolated afternoon thunderstorms, mainly Northern Sierra, NE California and East Side PSAs.	70s coast, 80s and 90s mountains, and upper 90s to 115 warmest inland areas.	15 to 30% driest inland areas.	Southeast to southwest 5 to 10 mph with afternoon gusts to 20 mph, stronger east of the Cascade-Sierra crest.
Southern Area No information reported.			
Eastern Area No information reported.
