Northwest Area (PL 4)

New fires:	3
New large fires:	1
Uncontained large fires:	22
Type 1 IMTs committed:	2
Type 2 IMTs committed:	5

Wenatchee Complex (8 fires), Okanogan/Wenatchee NF. IMT 1 (Pendleton). Two miles west of Wenatchee, WA. Timber, brush and grass. Active fire behavior with spotting and isolated torching. Numerous residences threatened. Evacuations in effect.

Table Mountain (5 fires), Okanogan/Wenatchee NF. IMT 2 (Reed) and IMT 1 (Morcom). Sixteen miles east of Cle Elum, WA. Timber, logging slash, brush and grass. Extreme fire behavior. Numerous structures threatened. Evacuations and road closures in effect.

Okanogan Complex (4 fires), Okanogan/Wenatchee NF. IMT 2 (Williams). Eight miles southeast of Carlton, WA. Timber. Active fire behavior with group tree torching and short-range spotting. Numerous structures threatened. Evacuations in effect.

Yakima Complex, Okanogan/Wenatchee NF. IMT 2 (Johnson). Seventeen miles northwest of Ellensburg, WA. Timber, logging slash, brush and grass. Active fire behavior with torching and short-range spotting. Residences threatened. Road closures in effect.

Pole Creek, Deschutes NF. IMT 2 (Watts). Six miles southwest of Sisters, OR. Timber. Active fire behavior. Numerous residences threatened.

Cascade Creek, Gifford Pinchot NF. IMT 2 (LaFave). Eight miles north of Trout Lake, WA. Timber. Active fire behavior with torching and spotting.

Bear Slide, Warm Springs Agency, BIA. Five miles northeast of Warm Springs, OR. Brush and grass. Minimal fire activity.

Trail 2, Warm Springs Agency, BIA. Eleven miles southwest of Warm Springs, OR. Timber and grass. Creeping and smoldering.

* **Bald Mountain**, Wallowa-Whitman NF. Twelve miles southwest of Enterprise, OR. Timber. Active fire behavior with group tree torching and short-range spotting. Trail closures in effect. Last report unless significant activity occurs.

* **Avalanche**, Glacier NP. Twelve miles northeast of West Glacier, MT. Timber. No further information received.

McGuire Complex, Nez Perce NF. IMT 1 (Joseph). One mile northwest of Dixie, ID. Timber. Minimal fire activity with torching and spotting. Communities threatened. Evacuations in effect.

Sheep, Nez Perce NF. IMT 1 (Turman). One mile east of Lucille, ID. Timber, brush and grass. Running fire with group tree torching and short-range spotting. Structures threatened.

Condon Mountain, Flathead NF. IMT 2 (Pearson). Five miles northeast of Condon, MT. Timber. Moderate fire activity with torching and spotting. Trail closures in effect.

Sawtooth, Bitterroot NF. Transfer of command from IMT 1 (Poncin) to IMT 2 (Hall) will occur today. Seven miles southwest of Hamilton, MT. Timber. Creeping and smoldering with isolated torching. Numerous structures threatened.

Millie, Gallatin NF. Twenty miles south of Bozeman, MT. Timber. Creeping and smoldering with torching. Structures threatened.

Powell SBW Complex, Clearwater NF. Forty-five miles southwest of Lolo, MT. Timber. Creeping with single tree torching. Structures threatened. Area closures in effect. Last report unless significant activity occurs.

Little Swallow, Fort Berthold Agency, BIA. Nine miles south of Mandaree, ND. Timber and grass. Running fire with spotting.

Elbow Pass Complex, Lewis & Clark NF. Previously reported incident. Twenty-five miles southwest of Augusta, MT. Timber. Active fire behavior with single and group tree torching and short uphill runs. Last report unless significant activity occurs.

Pettibone, Nez Perce NF. Previously reported incident. Thirty-eight miles northeast of Elk City, ID. Timber. No further information received. Last report unless significant activity occurs.

Square Rock, Nez Perce NF. Previously reported incident. Twenty-four miles northeast of Elk City, ID. Timber. No further information received. Last report unless significant activity occurs.

Cougar, Bitterroot NF. Previously reported incident. Twenty miles southwest of Conner, MT. Timber. No further information received. Last report unless significant activity occurs.

Wall Creek, Flathead NF. Previously reported incident. Forty miles northeast of Seeley Lake, MT. Timber. Moderate fire activity with single tree torching. Trail closures in effect. Last report unless significant activity occurs.

Indian Ridge, Bitterroot NF. Previously reported incident. Thirty miles southwest of Conner, MT. Timber and grass understory. No further information received. Last report unless significant activity occurs.

* **Moe**, Nez Perce NF. Twelve miles northeast of Paradise, MT. Timber. No further information received. Last report unless significant activity occurs.

Predictive Services Discussion: Warm and dry conditions will continue across the West as high pressure aloft remains over the region. Unstable conditions will develop over the Northwest. A cold front will drop into the northern Plains, bringing cooler conditions to the Dakota and Minnesota along with scattered showers in the upper Midwest. Scattered showers and thunderstorms will also develop over the Ohio Valley through New England along a slow-moving front pushing toward the Appalachians. The East coast and the South will remain mild.

<http://www.predictiveservices.nifc.gov/outlooks/outlooks.html>

Today's discussion is from the
First Aid / Health Category.

HYPOTHERMIA

Hypothermia occurs when your core body temperature falls below normal. It can easily happen in cold winds or wetness. Hypothermia can also occur in moderately cool temperatures, particularly if coupled with dehydration. People tend to forget to drink on cool, wet days and can get hypothermic even when the temperature stays well above freezing.

- - Symptoms of hypothermia include Slurred speech
 - Weakness and loss of coordination
 - Confusion
 - Irrational behavior

 - Uncontrollable shivering (although, at extremely low body temperatures, shivering may stop)
 - Pale and cold skin
 - Drowsiness – especially in more severe stages
 - Slowed breathing or heart rate
- Your body automatically begins to shiver to warm itself. As your energy is used up to keep warm, you may reach a point where your body will be unable to warm itself. If left untreated, your body will gradually shut down; and you can die.
- You can avoid hypothermia with the following precautions:
- Guard against dehydration.
 - Avoid fatigue.
 - Avoid cold winds.
 - Take precautions, change out of wet clothes.
 - Be aware of the symptoms and take action upon their onset.
- If you recognize hypothermia, take the following steps:
- Move the patient to shelter.
 - Remove wet clothes and replace them with warm, dry garments.
 - If the victim is alert, give them food and warm liquids to drink.
